

## Chapps Rental Inspector Lite / Pro / Premium

### Choosing the Lite Version

The Lite version of Chapps Rental Inspector, is aimed at the individual landlord, who owns or manages a few dwellings, and who wishes to conduct the inspections themselves. Keep in mind, when choosing the lite version that it only has limited features and the objects are limited to 5.

Downloading the Lite version is a perfect way to get a first idea on how the App works and to see firsthand all of the powerful features.

In-App Purchase price per generated inspection report:	£4.00
Annual subscription to Cloud services:	£10.00

### Choosing the Pro Version

Choose the "Pro" version instead of the "Lite" version, if you are a professional user. You can access an unlimited number of objects instead of just 5.

The "Pro" version supports multi-user (max 3).

With the "Pro" version you receive access to a lot of extra features and the Chapps Manager, our online back-office.

Annual fee first user:	£100.00
Annual fee per extra user:	£100.00
Pre-paid cost per Inspection:	£5.00

### Choosing the Premium Version

As a professional organization, with multiple users and a lot of inspections, your only choice is the "Premium" version. With this version you will have an unlimited number of users & objects.

When choosing the "Premium" version you will be considered as a Chapps Manager Customer and have access to all the handy features of this management tool.

Furthermore, you can make use of all the maintenance-support features and the Chapps Maintenance Web-App.

You will have access to our set-up services, the support services, and the customizing services.

Don't forget, for a smooth integration with your software you can make use of our extended API.

For the “Premium” version we charge a monthly fee, based on your specific situation and way of working.

For more information on the Premium Package, contact us.

### **License Fee**

Please note: that there are no obligations, and that the user can stop his subscription at any moment, at no cost. For the Premium version of the App we have put in place a 3 month waiting period. He/she has the right to receive his/her data at all times.

This will be handed over via a simple request as a pre-defined Chapps Export Format.
